PROJECTS

RideTogether - Carpool <i>React.js, Express.js, Docker, MongoDB, Node.js</i>	Mar 2024 – May 2024
<ul style="list-style-type: none">Developed a full-stack carpooling web application with React.js, Tailwind CSS, Node.js, Python, and MongoDB, enabling efficient and seamless ride-sharing.Optimized ride-matching algorithm, reducing user ride search and booking time by 40%.Engineered scalable backend services with Node and MongoDB to manage 25+ weekly carpool rides.Containerized and deployed using Docker, achieving 99.5% uptime and improving overall user experience by 40%.	
AI-Powered Components Generator <i>React.js, Tailwind CSS, Gemini API</i>	Jan 2025 – Mar 2025
<ul style="list-style-type: none">To automate the generation of reusable React components using Gemini API, reducing developer effort and time spent on repetitive coding tasks.To ensure consistent, responsive, and modern UI styling with Tailwind CSS across all generated components.To enable rapid prototyping and faster client demos by converting natural language prompts directly into production-ready UI code.Multi-framework support → Extend beyond React to generate Angular, Vue, or Flutter components.	
HouseHunt Property Rental <i>React.js, Redux, Node.js, Express, MongoDB, JWT</i>	Apr 2025 – May 2025
<ul style="list-style-type: none">Built a full-stack Airbnb-inspired property rental platform with listing management, search and booking features, offering a responsive UI and secure workflows.Built the frontend with React 18, Redux Toolkit, Material-UI, and React Router for responsive UI and navigation.Integrated drag & drop (React Beautiful DND) and date selection (React Date Range) for enhanced user interaction.Implemented property search and filtering with MongoDB queries and geolocation support for better user discovery.	

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Developer (MERN) – Issued by **SmartInternz**
- MongoDB Node.js Developer – Issued by **MongoDB University**
- Data Science Using Python Course – Issued by **iamneo**
- Cloud Computing by Prof. Soumya Kanti Ghosh – Issued by **IIT Kharagpur (NPTEL)**

EXTRACURRICULAR ACTIVITIES

Competitive Programming: Solved 100+ DSA problems on Leetcode and GeeksForGeeks (Arrays, Strings, Stacks, Graphs) with focus on optimization.

Hackathons: Participated in multiple national-level hackathons on Unstop, including Grab Hack, TVS Credit Epic 7.0, and Adobe India Hackathon, developing innovative project prototypes under time constraints.

Gujarati Club (Event Management Lead): Led the core organizing team for major campus events and contributed significantly to the successful execution of the annual college fest.
